

Substitute the paragraph [0018] at page 6, with the following:

[0018]

[0003]

While it is envisioned that numerous embodiments of the present invention are particularly well-suited for computerized systems, nothing in this document is intended to limit the invention to such embodiments. On the contrary, as used herein the term "computer system" is intended to encompass any and all devices capable of storing and processing information and/or capable of using the stored information to control the behavior or execution of the device itself, regardless of whether such devices are electronic or mechanical[, ~~logical, or virtual in nature~~].
